

I have been a K-LOVE supporter for several years. This radio station has served me well as a resident of my community. I listen to it daily and I find the music and messages to be uplifting, inspirational, and a positive influence in my life. It is refreshing to know that I can listen to the station without the fear of being offended in some way as I have been with many other stations. If K-LOVE were to be forced off of the air because of a displacement by an LPFM broadcaster, I would be very unhappy. We need more positive influences in our world today and K-LOVE definitely upholds family values and is a very positive radio station for ALL to listen to everyday. Please do not allow new LPFM stations to take priority over K-LOVE. Thank you for reading my concerns.  
Sincerely, Marcie Naef
